SATURDAY

After gathering together, there will be six workshops on offer during the day, three before lunch "the self yearning for "The Self". Three after lunch "The Self calls to the self".

Workshops - morning

Fiona Adamson, "Enquire Within"

We will spend our time together enquiring about our own particular experiences of seeking our Higher Self. What have you found works for you, what gets in the way? How have you overcome any obstacles?

These are some of the questions we shall explore. Let us see what treasures we can find as we share and learn together.

See over.

Alison Gaffney and Barbara Wealthy

"Creating Sacred Space - an Invocation to the Self"

We welcome you to share in a ritual preparation, opening the way to explore and honour the mystery of the Self. This is an invitation to allow your personal process to flow through metaphor, poetry, sound, art and play.

Gaby Hock, "Fires of Transformation"

An inspirational journey into the heart through Taoist, Vedic and Christian metaphors, images and ancient stories. This workshop aims to kindle the imagination and remind ourselves that lasting happiness can only be found through the mysterious transformation of our own hearts.

After lunch and before the afternoon workshops there will be some free time. There will be an opportunity to be introduced to **the Language of Astrology**, or **Flower Essences**, or take a guided **Transpersonal walk**, talk more about **Dreams**, walk the **Labyrinth**, use the **Art Room**, share **Poetry** or join a **Guided Meditation**.

Workshops - afternoon

Pamela Allsop, "Surrender - Let the River Flow"

Our spiritual connection is a numinous and challenging aspect of ourselves. We need to open up to our inner world and allow the energy of consciousness to flow, until we realise who we really are - Carriers of Light. Then we can respond to the voice within and express the joy of the Soul.

Monica Anthony, "The Call"

Who or what calls us to a deeper relationship with our true nature? How do we perceive that call?

In this workshop we will explore some of the altered states from meditation to trance and waking dreams, which can lead us closer to a sense of our core resonance and note.

Karyn Fletcher and Mark Price, "An Introduction to "The Source"

"We shall not cease from exploration. And the end of all our exploring Will be to arrive where we started And know the place for the first time" T.S. Eliot, Little Gidding

This session will provide an introduction to **"The Source"** - a game of renewal at the fountain of The Centre. The Source is a transpersonal game of four seasons devised and initiated by Karyn and Mark. We will be dipping our toes into "The Source" by playing parts of the game relating to "Spring".

After dinner we will meet and share stories magical and mystical - led by Dorothy Allen.

Preparing for dreams. Telescope viewing if sky is clear.

SUNDAY

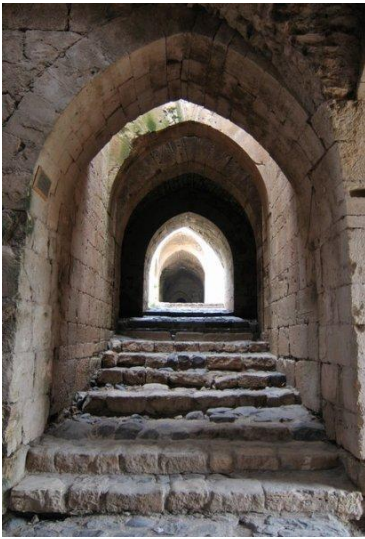

Sharing of dreams before breakfast, for early risers.

After breakfast

As the conference enters the last day,

Beata Bishop Tells us how the Transpersonal approach to life can offer the best answer to the many crises of our time.

After coffee

Dorothy Allen, I haven't a clue: "the slender threads" that draw us".

After the weekend do we need to take stock of who we are? There will be space to be creative in our feedback and in our intentions for the future.

After lunch there will be time to talk over a cup of tea, to walk in the grounds, to make connections that may last a life time.

We say goodbye by 4.00pm.

A more detailed programme will be sent to participants nearer the time.
